

NORTH WEST TIPPERS

NORTHWEST TIPPERS LTD
A LOAD OFF YOUR MIND

North West Tippers Ltd

The *Plantaway* is the Beaverback body system, designed for maximum strength and minimum downtime.

TEL. 01254 53251 email info@nwtippers.co.uk

When only the best will do !

BEAVERBACK

PLANTAWAY

BENEFITS

Maximum strength, these bodies are built from rolled steel channel, no expense has been spared so as to create a body system that will do the job and also last and last.

These body systems are built for minimum maintenance and maximum endurance with little or no down time.

The integral design lowers the ride height for a lower centre of gravity increasing stability.

FULL RANGE OF EBEAVERBACK SYSTEMS

- Back to rigid cheese wedge
- Standard sloping tail
- Standard sloping tail c/w ramp or ramps

Painted to customer requirements
